These services give parents a window on student internet activity and complement what we are already doing to keep students safe at school. **We make this service available to families of students from grades 6 - 12 who use their CCS Google accounts at home and at school and who use the CCS Chromebooks.** If you are new to Securly, you will receive an email from Securly in the near future welcoming you to Securly and letting you know how to view your student's online activities.

An email from our Technology Director, Mrs. Lodge will have some additional information for you.
