Field Day

Field day is only two weeks away, on Friday, May 26! We are asking God to help us with perfect weather to enjoy all of the amazing activities that Mrs. Turner has planned.

Mrs. Turner has created an online volunteer sign up sheet for those who want to be there that day to help and to enjoy watching the events. [CLICK HERE](#) to access it. (Unfortunately, we cannot accommodate spectators outside of the volunteers.) If you volunteer for a slot, you are invited to stay for the day! :)

Athletics

Mr. Yoder has let us know that our baseball and lacrosse teams are playing in championship games. Here are the details:

Today, May 12 - Baseball play-offs vs. Mt. Calvary 4pm @ Lancaster Mennonite School

Tomorrow, May 13 - Lacrosse Championship vs. West Shore 7pm @ Lancaster Bible College

Admission for all CCAC play-off and championship games is \$5.00/person. Come out and show your support for both the girls and boys.

Employment

Mr. Parris is looking for 2 summer employees. The position is 24 hours per week at \$15 per hour. He can work around summer vacations but would need to know them up front. High school students may apply. Tasks include moving furniture, cleaning and waxing floors, pulling weeds, organizing classrooms and closets, and more! **Must be able to take initiative and work without constant supervision.**

Students under 18 will need a work permit from their school district. Anyone interested can email Mr. Parris for an application.

In addition, employment needs for the 23/24 school year continue to change. You can see the latest openings by going to our website. Employment opportunities are listed on our website under the "About" tab, or you can just click [HERE](#) to see the information and then share it.

Chromebook Returns

All high school students must turn in their school-issued Chromebooks and chargers at the end of the year.

This year, returns are scheduled for the week of May 22, final assessments week. Once assessments are completed, school devices must be turned in. **Charger gone missing?** Look under the couch cushions and behind the laundry basket before May 22 to locate it! If you do not return your charger, you will need to either purchase a new one or pay for a new one.

Each high school student must update his/her Chromebook and fill out an online form with information about the status of the Chromebook before returning it. The form and update information can be accessed [HERE](#). **The form must be filled out by Sunday, May 21.**

Giving Back

On Thursday, May 4 the girls lacrosse team was blessed to spend time volunteering at Baseballtown Dream League. Dream League gives children and adults with physical and mental disabilities the chance to experience the unique joy of participating in America's favorite pastime. The girls were "buddies" with participants and would run the bases and also help them field the ball. When asked about how the experience impacted her, Chloe Yoder said, "It was

humbling and it made me appreciate the abilities I have." One of the many highlights of the evening was singing Happy Birthday to Tyler and then seeing him hit a home run. The team came away from the evening with many smiles and memories.

Transportation Info

Thank you to OJR parents for filling in CCS's Transportation 372 Form. **Your district now requires you to sign up online also.** It is important that both school districts and CCS understand your transportation preferences. Thank you for your cooperation.

AP Wrap-up

AP classes are wrapping up for the year after students took the US History, Literature, and Calculus exams during the last two weeks. The AP Lit class celebrated a year of hard work at Starbucks, using the dexterity developed from rapid essay composition to make friendship bracelets!

Awards

The high school academic awards assembly will be held during morning chapel on May 17. Middle school

~ FORGIVENESS ~

awards will given be on May 24 in the afternoon from about 1:40 until the end of the day.

Rube Goldberg

The students in high school physics class presented the Rube Goldberg machines that they have been working on all trimester. Their machines were required to transfer energy from one form to another at least 8 times in order to pop a balloon. One even watered a plant!
