Board Report

The Board of Trustees meets monthly to discuss the business and vision of the school. This past Monday, April 17, on the agenda was the **safety and security measures the school has in place to protect our staff and students**. With the recent incidents at schools around the country, along with incidents where people gather together, the Board discussed if our school needed to implement greater security measures to ensure the safety of our students. Please know that the safety of our staff and students is of utmost importance to our Board and that further discussion and prayer will go into any improved security measures that might be taking place. Thank you for praying with us over the safety of our school.
